

Hello my name is Margarita Potts.

I am an accredited Airbrush Makeup Artist.

I specialize in Makeup and Hair for television, commercials, movies, and magazines. I have a full transportable makeup kit that makes me available to work wherever you are. I am very reasonable and charge according to job. When hired I can provide assistants/interns for production and at most times at no extra charge to the production.

Thank you for your consideration.

I look forward to hearing back from you and working with you in the near future!
