## Paint Supervisor

### Accomplishments

- Effective management, technical, and supervisory skills.
- Work well as a team member or independently.
- Resourceful, energetic, competent, multi-task and results-oriented.
- Met or exceeded all performance goals to date.
- Streamlined communication with consulting artists to ensure understanding of design specifications and timely delivery of artwork.

### Professional Profile

- Color Mixing
- Faux Finishes
- Antiquing
- Wallpaper Hanging
- Conventional Spray Systems
- Airless Spray Systems
  
- Gilding
- Hand Lettering
- Aging
- Estimating
- Budgeting

### Experience

Warner Brothers Studio Facilities, Burbank, CA

#### **Paint Dept. Supervisor, 2009 - Present**

I was responsible for estimating and budgeting all paint work within the facility, as well as developing and overseeing procedures and techniques for all finished surfaces in the spray booth.

- In a slow year, the department exceeded projected revenues, despite production slowdown.
- I possess the ability to deliver desired finishes, and know when it is appropriate to suggest another means to meet the challenge.

### Education

#### **Apprentice, 1987**

20th Century Fox, Los Angeles, CA

I completed a 3 year apprenticeship under the tutelage of Neil Waring, where I was given a strong background in materials, and their use, as well as mixing mediums. I learned how to manage time and crews, working with art department staff, and construction crews in breaking down blueprints,

and estimating material and working within budget constraints.

## **Skills**

- Budgeting, assessing job situations, tiptoeing through hurt feelings, ego massaging, paint finishes and their application, well versed in AQMD, and Safety rules and regulations, building strong lines of communication with co-workers
