To Whom It May Concern;

This letter is in recommendation for 706 hairstylist (and makeup) artist Barbara Dally, whom I have had the pleasure of working with on several productions here at CBS, including Hard Copy, Real-TV, Entertainment Tonight and The Insider.

Barbara is on of the most professional crewmembers I have ever been associated with who consistently raises the bar in her field of expertise. She is a proactive participant in the production and is universally loved by both talent and crew. She has the unique ability as a team leader to get it done, in the eye of the storm, under fighting live broadcast deadlines and extreme pressure.

I give my highest recommendation to any show or production that is lucky enough to have her on their team, movie or production.

Should you have any questions or require further information, it would be my pleasure to talk to you further regarding this exceptional individual. My contact information is listed below.

Testimonial #2

To Whom It May Concern:

I wanted to put in a good word for Barbara Dally with whom I have worked extensively over the years when I was Co-Owner of Picture This Television. Over the span of 12 years I hired Barbara repeatedly to do work on numerous productions with networks such as Lifetime, Bravo and PBS to name a few. Not only is she an extraordinary makeup artist, she is a fantastic liaison between production and talent. Often the first point of contact on set, Barbara possesses a true gift when it comes to making talent feel comfortable and relaxed. And believe me; she has worked with many different personalities--some lovely, some not so.

When I was producing Celebrity Poker Showdown for Bravo, I hired Barbara as Department head hair & makeup and charged her with assembling a glam team of 12 to handle up to 15 A-List Celebrities three times a day for extremely long tapings locations in New Orleans (post Katrina) and Las Vegas. Both seasons she did an amazing job and brought together a great team of professionals.

I can honestly say if Barbara had them in her chair first, the production went smoothly. She is genuinely a positive force to have on any team.

If you have any questions or would like to chat further, don't hesitate to call.

Sincerely, Marcia Mule'

"I'd like to tell who ever it is what a pro you are, that you make people look great, whether it be makeup or hair, that you always had people out to me on time, that you were never a diva...you ran your department great and managed to keep the production first, and you always had a smile on your face! Good luck, for you anything anytime."
