INDUSTRY BIOGRAPHY

My Name is Nancy McBride, I am a Casting Director in the local Orlando area, but I have no issues traveling for work, where ever your Casting is!!!

I own ReelKasting.com which is my actual Casting Company in which I have over 1000 adult actors, models, hosts and stunt personnel along with local crew. This also helps when productions come in and need to find our local talent, I am the local roladex.

I started off in the Industry as a parent looking for a means to all my Industry questions. When i found there was no real avenue to find my answers. I felt this was very dangerous because there seemed to be a lot of People trying to take advantage of parents who didn't know the In's and Out's. So I designed Kidkasting.com and watched it grow. This now the largest Parent Network of Child Talent across the East Coast. We consist of almost 500 parents and over a 1000 child actors which now extends from the tip of Florida to Portland Oregon!! I teach them in the In's and Out's of the Industry, how to apply to agents, How to build a resume, and the Proper Ways to apply to Agencies, plus many more. Parents get casting calls in their areas on a weekly sometime daily basis, these casting calls can range from student films to working on feature films. Kid Kasting has become an Industry name in many homes and have helped many child actors become very successful.

My network opened up many doors for me, especially those who were looking for acting talent. This allowed me to assist many people on their projects and helped them get the right talent for their productions. This gave me the eye to see the actors and spot those who have natural talent in the industry. This experience has given me the ability to cast multiple projects successfully and by word of mouth, these referrals are not only by parents but those who are in high need of casting help.

It's a win win situation all around. I am very dedicated to my work, a go-getter, and work very hard. Simply put, I don't stop until the job is done. I am here to do what needs to get done for the production to run smoothly.

I look forward to the opportunity to talking to you further!!

Thanks for your Consideration,

To Whom It May Concern,

I have known Nancy McBride for 3 years. We met at an audition. She invited me to come to a Parent Forum she started. It was a place where parents could come together to talk about the entertainment business. She saw that there was a great need for this in the Florida Market. She looks out for the kids and only post castings she feels comfortable with. Safety is number 1 when it comes to our children. She has a keen eye when it comes to the talent. She only sends out the best. I think she would be a great asset to your company.

Sincerely,

Robin Lundin

To whom it may concern:

My name is Philip Atlas and I am currently a student at the University of Central Florida Film School (in Orlando, FL). It has been my privilege to know and work with Nancy McBride for the past three years. I first met Nancy when I had to direct my first project in film school. Two days before shooting, my young lead actress unexpectedly dropped out of the film. I then contacted Nancy at the suggestion of a colleague. From our very first phone conversation, Nancy was so thorough and dedicated in helping me. Not only did she assist me in replacing my lead actress, but she also contacted several of her KidKasting clients and was able to obtain close to a dozen supporting players and extras for my film. Ever since then, Nancy has graciously aided me with casting on almost all of my subsequent projects. She is never puts in anything less than one-hundred percent and is always the utmost consummate professional in all of her endeavors. I would, without any hesitation recommend her for your position and would be pleased to speak to someone further on Nancy's behalf. One would be remiss if they missed the opportunity to work with Ms. McBride.

Sincerely,

To Whom It May Concern,

This letter of recommendation is being written in regards to Nancy McBride.

Nancy McBride is an intelligent woman who built a website with others in mind. Specifically this website is designed to help families interested in the acting business to pursue this more easily. Anything a "newbie" would want to know is available on this website. Nancy works hard to find current castings to post for all website members to access. She is quick to answer questions and find a way to fill any needs that may arise. She has worked hard and been very successful in getting her children into this business as well.

I would highly recommend Nancy McBride to fill the position of Talent Coordinator.

Sincerely,

Lisa Fraraccio
