Pam is one of the most sought after acting coaches in Los Angeles. She helps actors along their show business journey at schools and casting workshops such as AIA, Actors Key, ACT NOW!, The Actorsite, Reel Pros, Actor's Certified Training, 1 on1, IO West, SSLA, The Actor Space, ACG, Cerritos College, and at TVI as a staff 'on camera/cold reading' teacher. Pam also holds current weekly seminars, motivating actors in the "*How to find work in Film and Television*", arena. She has owned and operated three casting companies in the past 25 years. Because Pam casts in all media all the time, this leads to many relationships in all agent and manager departments, including film, television, commercials, along with voice and print, which helps when you need fast turnaround as well as favors! Pam is a dedicated team player and constantly strives to learn and excel in her craft. Constantly asked to produce film projects, Pam prefers casting.
