#### BIO:

With her artist's passion for drawing, sculpting and painting and as alumna of the prestigious Pivot Point International School of Cosmetology, **Denise Wynbrandt** quickly beat out the competition for work with celebrities in the performing arts—one of her first projects having been a six-month tour with the genius rock star **Prince**.

With equipment in hand she travels world-wide, taking projects not only in the States but Canada, Europe and Asia, as well.

"The pace behind the camera is at the eleventh hour", says Denise "and I am ready for the challenge to make art happen beautifully and quickly."
