My background as a filmmaker has been as a Sound Designer, technician, and Editor. Since graduation from Savannah College of Art and Design in 2007, I have worked in many departments on the Lifetime show *Army Wives*, the film *New Daughter*, and numerous commercials in Charleston, SC, Atlanta, GA, and Savannah, GA. Since both of my parents have worked in the industry, I have been on sets most of my life. I am a quick learner and love the challenges of working on set.
