I'm an energetic team player who can execute your vision with a discriminating eye. I have been the Supervising Painter on many Feature Films, TV, and Commercials. I have lead crews on big budget Features and have 10 years experience as a "Stand-by Painter." Prior to 1994 my return to studio work with my 729 brothers in I designed, built, and painted sets as "Foxworks" for 14 years. I am an excellent Faux Painter and 'Artiste de Age' who enjoys what I do. My early training was mostly at Universal, Disney, and Paramount. I can provide References and Testimonials upon request.
