I have Office and Set experience.

Related Experience

I have developed my organizational and problem solving skills through work in Music, Video, Banking, Fire and Water Damage Disaster Restoration, Construction, Film and Commercials.

As a Project Manager, my experience with Fire and Water disasters taught me to anticipate and understand the needs of business and homeowners and handle requests with care and an immediate response. I understand the stresses of being displaced in your home or business as well as restoration to damaged furniture or structures due to the moving process and construction aspects of the project. I was placed with many high-end clients and have worked in multi-million dollar properties.

I have experience working with talent and understand anonymity and privacy.

There is a sense of urgency in all aspects of what I do. I can handle multiple tasks without hesitation, can meet deadlines and have competent follow through abilities.
