

Cody August Karbum

Professional Summary

A driven production designer and set dresser with two years of experience working in many phases of film making. From developing and planning overall looks, to production and construction of sets. I learned a lot working in the design, manufacturing and installation departments of a concrete manufacturing company. I know how to get a job done, on time and within a budget.

Brook Institute Rental House, Ventura, Ca - 2 years

A job consisting of checking in and out grip equipment, cameras, lights and power supplies. I also checked in/out stages to students and made sure they were using the equipment correctly and doing everything as safe as possible.

Fine Line Precast Inc., Ventura, Ca - 6 years

Worked closely with the design team creating speciality products for the customers while also helping to manufacture, install and deliver products.
