In my madness  
I see your face in mine  
I keep a photograph  
It burns my wall with time

'An Occasional Dream'  
Sung by Solvang, Chicago

## CONVERSATION PIECE

This title is a bonus track on last year's fortieth anniversary edition of *Space Oddity* by David Bowie, the inspiration behind this project. As a musician, artist, and a pop personality, one of the world's most influential by all counts, his defiant, experimental, innovative, and almost androgynous appeal has endeared him to his worldwide audience since he first caught their eye and ear in 1969, upon the release of "Space Oddity," the first single off the album of the same name. Since then, David Bowie has become as much an icon of music as of iconoclastic, unconventional, if idiosyncratic fashion.

A fashion photograph featuring two women against a plain white background. The woman on the left has short blonde hair and is wearing large, dark sunglasses with a wide, metallic-looking band. She is wearing a black, sleeveless, form-fitting dress and black boots. She is leaning back with her mouth open in a playful expression, and her right hand is on the chest of the woman next to her. The woman on the right has long, wavy blonde hair and is wearing a black, sleeveless, form-fitting dress with a grid-like cutout pattern. She is also wearing black gloves and black boots. She has a serious expression and is looking directly at the camera. The lighting is bright and even, highlighting the textures of the clothing and the models' features.

got milk?

Chris Brown feat. Milk.  
Another great collaboration?  
Milk. Some studies suggest  
that teens who drink milk tend  
to be leaner and the protein  
helps build muscle. So eat  
right, exercise and drink lowfat  
or fat free milk. Talk about  
a smooth move.
