**OBJECTIVE:** Photographer . Stills . Location/Set . Art Dept Needs

**QUALIFICATIONS:** I am a working photographer. Stills, magazines, agencies and productions for over 30 years. For film shoots I have mirror-less cameras which have replaced the blimp. I come with gear for lighting special needs for the directors and producers production. I am radically self-reliant uploading daily onto a Mac downloading to drives. My turn around is quick and often able to source out for immediacy. I'm likeable, creative and productive.
