## Work Experience

### PHOTOGRAPHY

- Shooting Spaar Photography has been my company for 13 years now. We started in events, schools and sports, mixing in children and family portraits. Then, we moved into weddings, engagements, and newborns. As a hobby, I shoot wildlife and have had art hung in the governor's office. Volunteering is important to me, so I've enjoyed capturing memories for several programs such as Make-A-Wish, Casana, multiple cancer awareness groups and other non-profits.

### HOME RENOVATION

- As a family business, working alongside my dad, I've had the opportunity to rebuild and beautify countless homes and neighborhoods. This has brought me extensive construction, electrical, plumbing and painting experience.

### LEADERSHIP

- I am lucky enough to manage and coach little league baseball. It's been six years running!
