

Introducing Below the Line Screening Rooms, the search engine designed specifically for the entertainment industry.

This comprehensive database allows you to search by size, geographic location, and other features: reception areas, concession, green room, parking, prices and more.

Sign up as a Pro User and get access to advanced search options, personalized screening venue notes, and proprietary venue news and information.

Participating screening venues can add tons of additional info to their listing including venue diagrams, graphics, photos, detailed specifications, and direct contact information.
