Background

I started off in the industry working on television commercials and infomercials while I pursued a Bachelor of Arts Degree. I moved on and worked in film, news, and then landed in reality and scripted television. I spent six years in charge of Bonnier Television Group in Orlando producing travel and fishing shows for Discovery Channel & NBC Sports as well as digital content. After that, I moved to NYC where I worked on true crime shows for Discovery ID & reality shows – The Voice, So You Think You Can Dance, Master Chef, Master Chef Junior, The Amazing Race, Flea Market Flip, & Judge Faith for ABC, NBC, CBS, FOX, & HGTV. I also had the pleasure of working with Producer/Director Jeff Tremaine from Jackass on WWE Network’s prank show Swerved and a documentary film for Showtime starring Billy Idol, Joan Jet, Debbie Harry, Gary Dell’Abate “Baba Booney”, Denis McNamara, and other music industry legends.

My most recent projects include a Pickleball documentary film for Netflix at Film45 directed by Ashley Underwood a.k.a. Larry David’s wife from Curb Your Enthusiasm & a four month production in Los Angeles & Illinois at Jeff Jenkins Productions for a new Bravo TV Real Housewives of New York spin-off series with Luann de Lesseps & Sonja Morgan titled Welcome to Crappie Lake. Prior to that, I was working on a reality chef competition show for three months in Fort Myers with Geoffrey Zakarian called Big Restaurant Bet for the Food Network & a home build show in Tampa for seven months called 100 Day Dream Home for HGTV.

Production Skills - Extensive knowledge in all phases of production.

Pre-Production:

- Create and pitch story ideas.
- Extensive experience creating and maintaining budgets.
- Breakdown of story/script and create production shoot schedule.
- Location research and scouting.
- Extensive experience booking freelance crews, negotiating rates and deal memos.
- Extensive camera & audio gear knowledge.
- Permits & certificate of insurance.
- Call sheets & contact sheets.

Production:

- Direct cast & talent.
- Delegate tasks to crew.
- Extensive field producing experience.
- Supervise production team.
- Problem solve as production needs change.
- Location preparation.
- Keep shoot on time and within budget.
- Follow story, take field notes and pivot as story develops.
- Manage talent & location releases.
- Manage credit cards, receipts, and PC.
- Purchase & rent gear as needs change.

Post-Production:

- Extensive post-production knowledge.
- Create rough cut edit outlines.
- Provide editor revision notes.
- Send rough cuts to clients and producers and work collaboratively on final edit lists.
- Oversee post schedule to make sure edit date milestones are kept on schedule.
- Advanced graphics knowledge.
- Expense tracking, coding, and reconciliation.
- Approve all crew timecards and reimbursements.
